

TAPPING MACHINE

RRI-T330M12

WITH QUICK-CHANGE HOLDER FOR QUICK CHANGE TAP HOLDERS

The RED ROOSTER universal tapping machine RRI-T330M12 has been developed for manual thread tapping. The direction of rotation and speed are easily adjusted with the rocker switch. It is an ergonomically developed tool that fits well in the hand. Exhaust through grip, sound muffled. Thanks to the quick-change holder, different sizes of tap holders can be changed quickly and easily.

CHARACTERISTICS:

- Can be used both left and right handed
- Side handle included for extra stability
- Low air consumption
- Low in vibrations
- Can be used for M6 to M12 taps

Tap holders RRI-T330M12 (order separately)
